FGR 250 FRONT FORK

Experience the Moto2 and World Superbike feeling with Öhlins FGR 250 front fork. Developed straight from the Superbike race track you'll always be one step ahead of the competition. Equipped with TTX-technology, you'll get complete control while experiencing improved dynamic behavior. Designed for top level racing in Superbike and Endurance classes. With spring pressurized TTX 25 internals and the same outside dimensions as our tried and tested FGR 300.

Experience the race track the way it was meant to - like a real Superbike rider.

This front fork is developed for racing only and should only be used on the race track.
