ROAD & TRACK

PRODUCT NEWS

AUDI A4 2008-2016 / **S4** 2008-2016 / **RS4** 2012-2016

PART NO: AUS MS00 • **CHASSIS CODE:** B8

A more than 30-year long tradition of high-end racing commitments and state-of-the-art solutions within advanced suspension technology is now available for streetcars all over the world.

The focus has been clear from the very beginning – superior road handling without sacrificing comfort in your day-to-day transports. Öhlins Road & Track team has extensively tested a wide variation of springs to find the right balance between road and track use. The time of compromises is over!

Based on a smart lightweight design and made of Aluminum for the most part, all shocks have suffered through vast corrosion tests according to ISO 9227. The result is a worldwide 2-year limited warranty on all of our products.

GENERAL FEATURES

- > DFV (Dual Flow Valve)
- > Servicable and rebuildable
- > Corrosion salt spray tested (ISO 9227)
