

**Note!**

Please note that there can be small differences between your product and the images in these instructions.

**Note!**

Please note that during storage and transport, especially at high ambient temperature, some of the oil and grease used for assembly may leak and stain the packaging. This will not cause damage to the product, wipe off the excessive oil or grease with a cloth.

**Kit Contents**

Description	Part No	Pcs
Shock absorber	DMX 0217	1
Owner's manual	07253-05	1
Sticker Öhlins		1
Spring clip	15087-01	1
Sticker service schedule MX fork & shock	15211-01	1

**Note!**

**Note!**

Before you install this product, check the kit contents. If anything is missing, please contact an Öhlins dealer.

**Warning!**

Before you install this product, read the Öhlins Owner's manual. This product is an important part of the vehicle and the vehicle stability.

**TTX Flow shock absorber for Stark Varg** (Setup guide for both MX & enduro)

# **DMX 0217**

## **Mounting Instructions**

# MOUNTING INSTRUCTIONS

## Install the Shock Absorber

### **Warning!**

*We strongly recommend to let an Öhlins dealer install this product.*

### **Warning!**

*If you work with a lifted vehicle, make sure that it is safely supported to prevent it from tipping over.*

### **Note!**

*When you work with this product, see the vehicle service manual for vehicle specific procedures and important data.*

### **Note!**

*Before you install this product clean the vehicle.*

### **1**

Put the motorcycle on a work stand so that the rear wheel barely touches the ground.

### **2**

Refer to the vehicle manual to install the Öhlins shock absorber.

### **Note!**

*Lower the vehicle so that the suspension is slightly compressed before you tighten the screws.*

### **Caution!**

*Make sure that you tighten all screws to the correct torque and that nothing fouls or restricts movement of the shock absorber/front fork/steering damper when the suspension is fully compressed or extended.*

# MOUNTING INSTRUCTIONS
