Note!

Please note that this image is a general representation of the product and may differ slightly from your product.

Note!

Please note that during storage and transportation, especially at high ambient temperature, some of the oil and grease used for assembling may leak and stain the packaging. This is in no way detrimental to the product, wipe off the excessive oil/grease with a cloth.

Warning!

Before installing this product, read the Öhlins Owner's Manual. The shock absorber is an important part of your vehicle and will affect the stability.

Shock Absorber for KTM DUKE 390

KT 801

Mounting Instructions

MOUNTING INSTRUCTIONS

Warning!

It is advisable to have an Öhlins dealer install the shock absorber.

Warning!

If working on a raised vehicle, ensure it is securely supported so that it will not tip over.

Note!

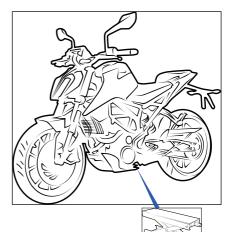

Before mounting this product clean the vehicle thoroughly.

Note!

When working on this product, always see the Vehicle Service Manual for vehicle specific procedures and important data.

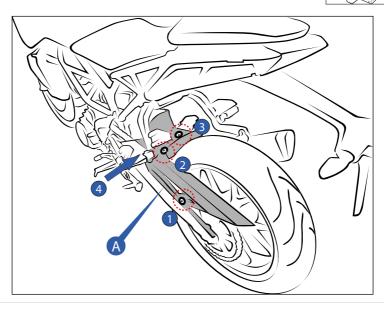

Put the motorcycle on the work stand so that the rear wheel barely touches the ground. Make sure the motorcycle is in a stable position.

2

Remove the chain guard (A) by loosening the screws (1)(2)(3)(4).

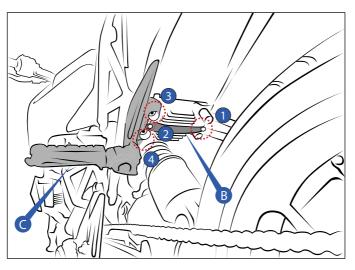

MOUNTING INSTRUCTIONS

3

Remove the foot peg connector bar (B) by Loosening the screws (1)(2).

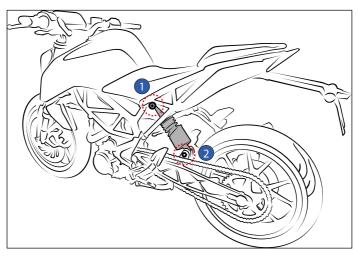

3.1

Loosen the screws (3)(4) for removing the left side foot peg^(C).

4

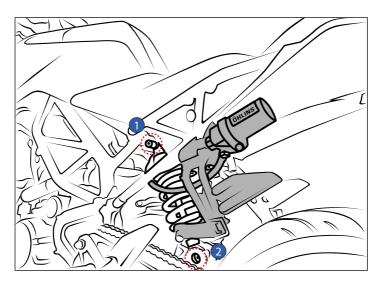

Remove the standard shock absorber by loosening the upper and lower mounting bolts 0 (2).

MOUNTING INSTRUCTIONS

5

Install the Öhlins shock absorber by tightening the upper and lower mounting screws 0 (2). Tighten at a torque value as specified in the vehicle service manual.

6

Fix the reservoir in position according to the installation diagram P1.

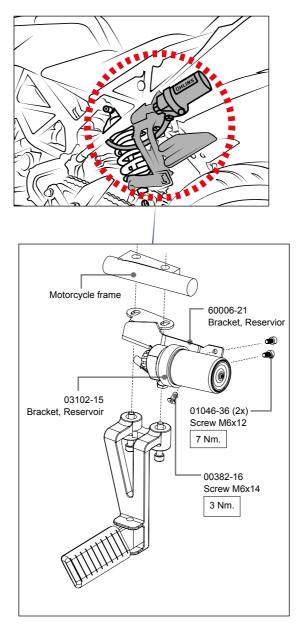

Reverse all procedures as necessary.

Note!

Lower the vehicle so that the suspension is slightly compressed before tightening the screws.

Caution!

Ensure that all screws are tightened to the correct torque and that nothing fouls or restricts movement of the shock absorber when the suspension is fully compressed or extended.
