# VOLKSWAGEN GOLF VI 2008-2012

**GOLF VI • GOLF VI CAB • GOLF VI GTI • GOLF VI GTI CAB • GOLF VI R  
GOLF VI R CAB • GOLF VI VARIANT • JETTA VI**

**PART NO:** VWS MT10 • **CHASSIS CODE:** 5K

A more than 30-year long tradition of high-end racing commitments and state-of-the-art solutions within advanced suspension technology is now available for streetcars all over the world.

The focus has been clear from the very beginning – superior road handling without sacrificing comfort in your day-to-day transports. Öhlins Road & Track team has extensively tested a wide variation of springs to find the right balance between road and track use. The time of compromises is over!

Based on a smart lightweight design and made of aluminum for the most part, all shocks have suffered through vast corrosion tests according to ISO 9227. The result is a worldwide 2-year limited warranty on all of our products.

### GENERAL FEATURES

- > DFV (Dual Flow Valve)
- > Serviceable and rebuildable
- > Corrosion salt spray tested (ISO 9227)
- > 2 year limited warranty
