## SHOCK ABSORBER FOR HD STREET ROD XG750

**PART NO:** HD 793

For the Harley Davidson Street Road GX750, an aggressively styled ride with dark custom styling, Öhlins has now also designed STX36 Blackline twin shock absorbers to compliment the bike styling. These Blackline dampers will not only match your motorcycle design perfectly but also comfort, traction and stability whether you go for a short blast or a long cruise.

The Öhlins STX36 is a well proven mono-tube high pressure gas type of shock absorbers with internal reservoir. Adjustable in spring preload, rebound damping and length as well as with a range of alternative springs available it allows you to setup the bike to suit your weight and riding style.
