

ADVANCED SUSPENSION TECHNOLOGY

PRODUCT RECOMMENDATION VICTORY OCTANE

Part No: VI 642

Öhlins Shock Absorber for Victory Octane

Description

Öhlins twin shocks for Victory Octane will improve and enhance the riding experience of your muscle cruiser. Öhlins know-how and technology are used to improve stability, cornering, braking, add adjustability and ultimately give you enhanced overall control. Additionally there is a level of adjustment, serviceability and the ability to customise the settings if your needs change, or you are outside the range designed.

- Able to be serviced and maintained
- Customised settings through Öhlins service centres
- Alternative spring rates available (Sold separately)
