

# Öhlins Road & Track Coilover Suspension BMW 1M Coupé (E82) BMZ MN01S1

A more than 40 year long tradition of high-end racing commitments and state-of-the-art solutions within advanced suspension technology is now available for street cars all over the world. The focus has been clear from the very beginning – superior road handling without sacrificing comfort in your day-to-day transports. The time of compromises is over. All shocks have suffered through vast corrosion tests according to ISO 9227. The end result is a worldwide 2-year limited warranty on all of our products.

## General Features:

# DFV

DFV stands for Dual-Flow-Valve. A patented technology only available on Öhlins Road & Track coil over suspension. At the racetrack, the DFV gives you incredible traction but on the road, it delivers high comfort for daily transports.
