

Öhlins Road & Track Coilover Suspension Subaru BRZ (ZC6 & ZD8), Toyota GT86 (ZN6/ZN7), Toyota GR86 (ZN8) SUS MP21S1

A more than 40 year long tradition of high-end racing commitments and state-of-the-art solutions within advanced suspension technology is now available for street cars all over the world. The focus has been clear from the very beginning – superior road handling without sacrificing comfort in your day-to-day transports. The time of compromises is over. All shocks have suffered through vast corrosion tests according to ISO 9227. The end result is a worldwide 2-year limited warranty on all of our products.

General Features:

- DFV technology (Dual Flow Valve)
- Height adjustable
- Rebuildable
- Corrosion salt spray tested (ISO 9227)
- 2 year warranty

Front Features:

- McPherson strut, upside down
- Compression and rebound damping with one adjuster
- Spring preload adjuster
- Separate length adjuster
- Approx. 20 mm lower than standard
- Spring rate 50 N/mm
- Use with original top mounts
- Adjustable aluminum unibal top mounts available as an option

Rear Features:

- Conventional shock absorber

Compression and rebound damping with one adjuster

Spring preload adjuster

Separate length adjuster
