

# Öhlins FKA Cartridge Kit Adventure

## FKA 101 springs 6,0 N/mm

Based on the well proven NIX technology from our Road & Track product line, Öhlins developed the FKA cartridge kits for Adventure Bikes improving these in terms of comfort and overall performance.

Thanks to the FKA cartridge kits from Öhlins the bike now has a fully adjustable front end. Rebound damping is on one leg and compression in the other leg, with adjustable spring preload in both legs. Different springs are available for riders individual demands as well as an effective hydraulic stop inside the kit to prevent bottoming.

Front fork springs and oil need to be ordered separately. Spring rate recommendations can be found in the mounting instruction.

Fork springs for Öhlins FKA 101 cartridge kit.

### Part number

08767-60

### Technical data

Length:	480 mm
Rate N/mm:	6,0 N/mm
Position:	front
Recommended oil:	01309
Oil level mm:	60
Packaging unit:	pair

### Notes

The oil level is measured with front fork completely compressed, without spring and pre load tube.

### Fits for vehicles

[BMW F 800 GS \(2008 – 2012\)](#)

ABE (Germany)
