

# Air Fork RFX34 m.2 Air 120 mm 44mm offset

The RFX34 m.2 uses Öhlins' newly-designed OTX18 damper. Sprung out of the highly successful TTX18 found in the brand's downhill and trail forks, the OTX18 is purpose-built for lightweight trail bikes. It shares several key components with its bigger TTX18 brother, but weighs 27% less and is optimized for faster and more fluid trail riding, striking the optimal balance between traction, control, weight and stiffness.

Like all Öhlins dampers, the OTX18 offers impressive adjustability for fine-tuning, with fifteen clicks of low-speed compression and rebound adjustment alongside three for tweaks to high-speed compression. As always, a large and extensively-tested setting bank is also available for those who wish to customize their ride feel even further.

With a flex pattern tailored for lightweight trail riding, the RFX34 m.2's super-stiff chassis delivers point-and-shoot precision steering. RFX34 m.2's super-stiff chassis delivers point-and-shoot precision steering. This has been achieved via a full coverage lower leg design to increase stiffness, impact resistance and the volume of the lower legs.

Increased air volume at the bottom of the fork increases the impact of the air spring on overall performance. This in turn gives the rider more power to fine-tune performance to their liking for greater confidence and control.

Available in May

## Technical Specifications:

OTX18 trail optimized damper

Stanchion tubes 34mm

Wheel size: 29"

Offset: 44mm

Travel: 120mm

Floating axle design to decrease friction

eMTB approved

Weight: 1698g without volume spacers

Post mount 160mm rotor size, max. 203mm

Axle to crown: 541mm @130mm stroke

Fully serviceable and rebuildable

2 years limited warranty

## Adjustment:

Spring rate and progression external via air pressure

3-click high speed compression damping

15-click low speed compression damping

15-click rebound damping

## Purchased parts package:

1 MTB front fork RXF 34

1 axle 15 x 110 mm

1 star-nut

Owners manual

## Part number

FGMTB 3412 2230

## Fits for Mountain bikes

[Universal MTB Air Fork \( - \)](#)

## Price and availability

**1.200,19 €**

1.200,19 € plus % VAT

**in stock**

(3 - 5 business days)
