

# Mounting Kits STX 22 Air Mounting Kit 8x22mm 14mm Eyelet

The STX 22 Air Universal MTB shock absorber is mounted with bushings at top and bottom. The shock absorber comes with 2 bushings.

The additional mounting kits consist of bushings, plastic- or aluminium spacers and o-rings to mount the STX 22 Air Universal to mountain bikes with different mount width and bolts. To determine the required mounting kit for your bike please measure the width of the damper mounting points on your bike.

In case you are uncertain how to measure, what mounting kit is required or how to mount the shock absorber please ask an Öhlins MTB product dealer for support.

## Included:
